On November 12, 2012 the Department received complaint of illegal activities. An

- **Old Business**

- **Update Request to SIRCON Regarding Inactivation Notices / Brett**

- Two years ago the Department asked SIRCON to send agency or individual license inactivation notices to insurers that the individual or agency were appointed with. This is now in the testing phase and may be implemented by the next Title meeting.

- In regards to individual inactivation notifications being sent to agencies the individual was designated with, the Department is waiting for SIRCON to make this available in Texas. Once it is, the Department will ask SIRCON to make this function available in Utah. There would then be no cost for making the change.

- **New Business**

- **Discuss Amendments to R592-8-5 / Perri**

While considering the attorney exemption procedure Perri discovered a few changes that needed to be made in Rule R592-8-5.

- The character of the attorney to be considered in reviewing a request for an attorney exemption. The statute does not allow this to be added to this rule. Character can be considered when licensing a person.

- Subsection R592-8-5(6)(b) eliminates “agency review” before a hearing. It should be done after the hearing.

- A new Subsection 8 needs to be added that would allow the applicant to ask for a hearing when the Commission and commissioner do not agree on their exemption.

Kirk asked the public and Commission for comments. None were offered. Jeff made a **motion** to start the formal rulemaking process, seconded by Matt, the vote was unanimous.

- **Other Business**

- It was noted that there would be a **Legislative Rules Hearing** Monday, January 20, 2014, at 9:00am, in Room 445 of the Capitol. The Committee wants to determine who has final authority in setting penalties, the Commission or Commissioner.

- Further changes have been made to **Rule R592-11** as a result of the hearing and comment period. An additional comment period will be provided to receive comments. It will be put on next month’s agenda for concurrence.

- Jeff asked that **CFPB** be added to next month's agenda. They need to discuss changes made late last year regarding settlement services, its impact on regulation of title and escrow industry, as well as the impact of Bulletin 2013-6 about not acting at a loss.
- Brett noted that the **legislative session begins January 27th**. He suggested it be put on the agenda for the next few months to discuss bills affecting this industry.
- **Commissioner Kiser** thanked them for their service.
